

Winnipeg

MANITOBA, CANADA

Take your meeting to new heights when you land your next aerospace convention in Winnipeg, located in the centre of North America. The city is an aerospace centre of excellence – we've got the ecosystem, talent and knowledge to draw on, positioning your meeting to really take off.

When you choose to meet in an aerospace hub, you get insider access and local resources to elevate your event. Winnipeg is the place to see innovation in action with facility tours and local experts easily available to enhance conference programming.

Knowledge hub

Capitalize on Winnipeg's local expertise in the aerospace sector with leadership and new developments in four key areas:

Cold weather testing

Our cold winters makes for cool technology testing facilities in Winnipeg and northern Manitoba used by GE, Rolls Royce and Pratt & Whitney.

Composite manufacturing

At 800,000 sq ft, Boeing's largest Canadian composite manufacturing presence is right here in Winnipeg.

Maintenance repair and overhaul excellence (MRO)

StandardAero, now the world's largest independent aerospace MRO provider, started in Winnipeg in 1911 as Standard Machine Works and still has it's largest campus here.

Building satellites

Winnipeg rises above the rest thanks in part to Magellan, who designs and manufactures satellites and satellite buses, as well as supports research and talent for Manitoba's growing space industry.

Community strong

Grow your conference attendance with ease -
Winnipeg is home to more than:

 **58**
aerospace companies¹

 with more than
4,100 employees¹

Companies include:

Did you know?

Winnipeg is headquarters for NORAD – North American Aerospace Defense Command in Canada and has an active Royal Canadian Air Force squadron at 17 Wing Winnipeg.

When it comes to hands-on experience, Winnipeg is a living classroom where you can take your conference into the field. Exclusive private tours can be arranged at more than a dozen aerospace facilities for your delegates.

Why Winnipeg

"Our Winnipeg aerospace campus is core to our history and key to the future of our success at StandardAero. The strong work ethic, family culture and local support for training and growing our workforce is outstanding. We are proud to be a leading employer in Winnipeg and look forward to our continued bright future in this fine community."

Russell Ford, Chairman and CEO, StandardAero
